NOORA HALLA-AHO

ICT, software development student

ABOUT ME

Hello! I'm Noora, a second-year ICT and software development student at OSAO. I've had a passion for programming since I was 10 years old. At school, I specialize in software development, but I've also dabbled in web development, machine learning, and 3D modelling, as well as unit testing through my internship at Nokia. Additionally, I'm interested in illustration and UI/UX design.

I'm a native Finnish speaker but also fluent in English and proficient in both German and Swedish.

Summer internship
3.6.2022-17.6.2022
- Designed STEAM lesson plans; maintained & assessed function of Lego EV3 robots; composed transcriptions of educational material in English

Lundén Architecture co
Work practise program
13.12.2021-17.12.2021
- Quality assurance work; Used ArchiCad, Adobe InDesign and Slack; also miscellaneous work such as modelling buildings

TECHNOLOGIES I'VE WORKED WITH LATELY

HTML, CSS & PHP	MySQL
Python	Blender
C#	Unity
C++	Pygame
JavaScript	CppUTest
React	Pytest
Adobe Photoshop	Wix
Adobe XD	Docker

SOME OF MY SKILLS

Software development	Version control
Unit testing	Agile methodologies
2D digital art & design	Web development & design
3D modeling	Code clean-up
Game development	Machine learning & neural network basics

ADDITIONAL

Elements of AI
Online course, University of Helsinki
- Completed May 2023

Building AI
Online course, University of Helsinki
- Completed April 2023

MY EDUCATION

OSAO
2022–present
- Vocational qualification in ICT, software development (currently in second year)
- Dual qualification alongside vocational studies, matriculation examinations (9,54 GPA)

Oulun konservatorio
2013–present
- Basic studies in music (800 hours, completed Jun 2022)
- Advanced studies in music (ongoing)

Myllytullin koulu
2019–2022
- Weighted-curriculum in visual arts

Oulun Normaalikoulu
2013–2019
- Part of school Vex IQ robotics team
- Won tournament in Estonia (Nov 2018) and Finnish National Championships (Jan 2019)
- Represented Finland in Vex IQ World Championship (2019, Kentucky, USA)
